VITAMIN B12

DIRECTION FOR USE:
- Cattle: 10 - 120 ml daily for 8 - 10 days. Per 100 birds.
- Poultry: 25 ml daily for 8 - 10 days.
- Chicks: 10 ml daily for 8 - 10 days.
- Growers/Broilers: 50 ml daily for 8 - 10 days.
- Layers: 50 ml daily for 8 - 10 days.

BENEFITS
- Increase milk yield.
- Improves muscular & skeletal strength.
- Promotes growth & stamina.
- Helps in protein synthesis.
- Prevents milk fever and rickets in cattle.
- Helps in mastitis prevention, improves skeletal and muscular strength of cattle.
- Makes stronger bones & Prevents bones related disease in cattle and poultry.
- Improves egg production and egg shell strength in poultry.
- Prevents leg weakness in broilers, breeders and layers. Improves overall growth & hatchability in broilers, breeders and layers.

PACK:
- 1 litre, 5 litre & 10 litre
- Also available in milk can (kitly)

AMYBOOST

Broiler booster multivitamin with Additional amino-acids

BENEFITS

A balanced supplement containing vitamins, minerals and extra amino acids in water soluble form to promote growth of commercial broilers and chicks up to 8 weeks of age.

Amyboost is useful to combat stress during periods of high temperature, vaccinations, and as aid in recovery from disease, to boost performance of the stock.

Amyboost contains the extra Methionone and Lysine which helps the healthy and productive poultry for maximum growth and high performance.

Also the references show increased final body and breast weight with increasing dietary methionine content. Methionine helps to improve and normalize the liver function which increases the immunity and prevent poultry from infectious diseases.

DIRECTION FOR USE:

Routine: 100 gm / 200 liters drinking water for 7 consecutive days.
Strategic: 100 gm / 300 liters drinking water during 3rd to 6th weeks of age.
Vaccination: 100 gm / 200 liters drinking water one day before

COMPOSITION:

Each 1 kg powder contains:

- Vitamin A: 1000000 IU
- Vitamin D3: 4750000 IU
- Vitamin E: 4000 IU
- Vitamin K3: 10000 mg
- Vitamin C: 10000 mg
- Vitamin B1: 2750 mg
- Vitamin B2: 4750 mg
- Vitamin B6: 2750 mg
- Vitamin B12: 11750 mcg
- D-Calcium Pantothenate: 2750 mg
- Nicotinamide: 4750 mg
- DL-Methionine: 20000 mg
- L-Lysine Hydrochloride: 40000 mg
- Manganese Sulphate: 12750 mg
- Zinc Sulphate: 13250 mg
- Ferrous Sulphate: 13250 mg
- Copper Sulphate: 13250 mg
- Potassium chloride: 13250 mg
- Biotin: 20000 mcg
- Sodium Sulphate: 215000 mg
- Sodium Chloride: 48750 mg
- Magnesium Sulphate: 12750 mg
- Excipients: q.s.

AMERICAN AGROVET INC.

AMY SANTE INC.

Imported by:

Manufactured by:
**Amy Respimint**

**MULTIPLE PROPERTIES AS ANTIOXIDANT**

**COMPOSITION:**
Each 1 Litre contains:
- Eucalptus: 40 000 mg
- Menthol: 40 000 mg
- Thymol: 20 000 mg
- Biotin: 900 mg
- Folic acid: 200 mg
- Methionine: 30 000 mg

**PRIMARY FUNCTION**
As an ultimate aid to effective breathing and to improve respiratory system in poultry

**INDICATIONS:**
- Vital role in reducing mucus accumulation and discharging out from respiration cavities.
- Clears air passage in lungs to improve respiration.
- Improves resistance to various respiratory infections.
- Helps to promotes growth rate and feed conversion.

**DOSAGE AND ADMINISTRATION:**
250 ml per 1000 Litres of drinking water or as advised by a veterinarian.

**HERBAL BIOPRODUCT**

**RESPIRATORY TONIC FOR CRD**
Each 100ml Contains:

- BKC Solution (Benzalkonium Chloride) 18% v/v
- Citric acid 24% w/v
- Inert ingredients q.s.

For water Sanitation & Acidifier:
- 5-7 ml in 20 Litre of water.

For Disinfection & Descaling:
- 10-20 ml per Litre of water. Should be used regularly.

INDICATIONS:
- Eliminates the disease causing pathogens viz., bacteria, virus, mycoplasma, fungi and protozoa.
- Works as a board spectrum of activity as a water sanitizer.
- Removes all dirt deposits & keeps water hygienic, clean & neat.
- Sanitizes drinking water.
- Keeping farm and hatchery hygienic.
- Works as broad spectrum of activity as disinfectant.

RECOMMENDED DOSAGE:
- For water Sanitation & Acidifier: 5-7 ml in 20 Litre of water.
- For Disinfection & Descaling: 10-20 ml per Litre of water. Should be used regularly.

Should be given daily for 7-10 days, every month or as recommended by veterinarian.

POWERFUL DISINFECTANT AND WATER SANITIZER
DIRECTION FOR USE:

Fortified Calcium, Vitamins, Minerals

**BENEFITS**

AMYVITA PET Daily Multivitamin for Dogs, provides over 25 healthy essential nutrients for your dog, in an easy to use powder that makes a delicious light gravy.

Multivitamin and Mineral Powder, Amino Acids, Vitamin B Complex and Essential Minerals, to help support the immune system and support balanced and healthy eye function, tooth health, heart support, nail growth, joint lubrication, bone strength, and ultra shiny coat.

AMYVITA PET Daily for dogs is an easy way to make sure that your pet is getting all the daily vitamins and minerals that keep them healthy and in peak condition. Our multivitamin for dogs provides essential fatty acids and antioxidants that can be degraded in common pet foods. Daily Multi is also a great addition to a homemade or raw fed diet. Include AMYVITA PET in your dogs food for a delicious gravy packed with nutrition that they’ll love.

**COMPOSITION**

Per 1000g
- Vitamin A: 2,550,000 iu
- Vitamin D: 900,000 iu
- Vitamin E: 1,750 mg
- Vitamin K: 1,450 mg
- Vitamin B1: 250 mg
- Vitamin B2: 1,450 mg
- Vitamin B6: 142 mg
- Vitamin B12: 1,250 mcg
- Vitamin C: 5,800 mg
- Nicotinic Acid: 7,800 gm
- Pantothenic Acid: 1,500 mg
- Folic Acid: 50 mg
- Choline: 6,000 mg
- Calcium Lactate qs: 1,000 gm

**DIRECTION FOR USE:**

Mix AMYVITA PET Powder with a drinking water or splash of water, into dry or wet food, for a super nutritious gravy.

Feeding Directions:
- Under 10 kg: 1/2 scoop daily (15-30gm)
- 10 - 25 kg: 1 scoop daily (20-30gm)
- Over 25 kg: 2 scoops daily (30-40gm)

For animal use only. Keep out of the reach of children and animals. In case of accidental overdose, contact a health professional immediately. This product is intended for intermittent or supplemental feeding only.
For growing as well as geriatric animals, pregnant or lactating animals for faster healing of fractures

**Composition**
- Calcium: 350 mg
- Phosphorous: 280 mg
- Vitamin B₁₂: 20 mcg
- Vitamin D₃: 150 I.U.
- Ca : P: 1.2 : 1

Appropriate overages added to compensate the loss on storage

**Direction for Use:**
- Puppies: 5ml twice daily
- Adult Dogs: 10ml twice daily
- Cats: 2.5 ml twice daily

or as directed by the veterinarian

**Benefits**
- May help in:
- As a source of calcium in young as well as geriatric animals
- Pregnant and lactating animals where there is an increase in calcium requirement
- For faster healing of fractures
- Strong bone and overall good health and growth in growing animals
- Nursing animals to prevent eclampsia
- Correcting nutritional deficiencies

**Pack:** 250ml.
**DIRECTION FOR USE:**

Liver tonic enriched with Vitamins & amino acids

**COMPOSITION:**

Each 20 ml contains:
- Liver Extract: 500 mg (Derived from 12 g of fresh liver)
- Choline Chloride: 1000 IU
- Lysine: 100 mg
- DL-methionine: 100 mg
- Biotin: 50 mcg
- Inositol: 35 mg
- Nicotinamide: 45 mg
- Ferric Chloride: 80 mg
- Vit B1: 4 mg
- Vit B12: 4 mcg
- Panthenol: 4 mg
- Colour: Caramel

**BENEFITS**

The liver which is a vital organ of the body needs extra protection.

Liver problems cause/severe immunosupression resulting into vaccination failure & secondary infection.

All these together amount to a great economical loss.

AMY-LIV liquid feed supplements is specially formulated optimise the liver function.

AMY-LIV is an excellent health booster.

Advantage of AMY-LIV
- Corrects dysfunctioning and sluggishness of the liver.
- Correct non-specific anorexia.
- Cures jaundice and various types of hepatitis.
- Protect liver from cumulative and acute poisoning feed uptake.
- Increase feed conversion & Basal Metabolism.

**DIRECTION FOR USE:**

Poultry
- Dosage for 100 Birds
- Chicks: 10 ml/day
- Broilers: 15 ml/day
- Layers: 20 ml/day

Sheep, Goat - 5 to 10 ml/day
Cow, Buffalo - 25 to 50 ml/day

Withdrawal period: Nil

**PACK:**
- 200 ml, 500 ml, 1 Liter & 5 Liter

**CHITWANGI**

**LIVER TONIC & GROWTH PROMOTER**

**IMPRESSES WEIGHT GAIN**

DESCRIPTION:

AMYBOOST LAYER is a water-soluble powder formulated by Veterinary Nutritionists. It contains a balanced blend of vitamins, minerals, electrolytes, amino acids and probiotics. Use as a supplement for pullets, growers, laying hens and breeding birds routinely and during periods of stress. AMYBOOST LAYER enhances and maintains egg production, promotes growth and combats poor productivity.

INDICATIONS & BENEFITS:

- Boost egg production in pullets, young and old laying birds and birds recovering from stress situations.
- Provides excellent supplementation of all nutritional requirements for growing and adult laying birds routinely and in periods of stress.
- Contains Calcium and Phosphorus in the right ratios for strong bones, strong egg shell and yolk quality.
- Prevents cannibalism and egg eating vices in laying flocks by providing the right and adequate amount of amino acids and minerals.
- Probiotics stabilise gut flora to improve digestibility and feed utilisation.
- Electrolyte supplementation aids in recovery during periods of stress and maintains healthy growth.

RECOMMENDED USAGE:

By oral route: dissolve in drinking water or mix in feed. Ideal dosage is 1g per litre in drinking water or mix 100g in 10 kg of feed. Measure 1 teaspoonful (5g) per 5 liters of drinking water. Administer daily for 6 days in stressful situations such as vaccination, disease, during change of feed, or during situations of excessive heat. Routine use: use daily during egg laying periods to enhance productivity in layers and breeders.

NOT FOR MEDICINAL USE

WITHDRAWAL PERIOD: Nil

ACQUIRED BY:

Calfes, goats and sheep: 1 g per 20 kg body weight for 3 - 5 days.
Cattle: 1 g per 40 kg body weight for 3 - 5 days.
Poultry: 100 g per 200 litres drinking water.
Withdrawal period: Nil

PACK: 100Gm, 500Gm, 1Kg, 5Kg

BENEFITS

Amystress is a well formulated combination of the essential vitamins, minerals and amino acids to prevent and control the stress in calves, cattle, goats, poultry, sheep and swine.

Amystress overcomes the stress during vaccination and transportation of the animals.

Amystress meets the deficiencies of vitamins, minerals & amino acids during high performance and stress condition.

Amystress helps to improve the body condition and productivity of the animal.

Amystress provides nutritional support during loss of nutrients in climatic changes, anemic and diseased conditions.

Amystress improves immunity of the animal to prevent the infectious diseases.
AMY-AD₃EC

Water miscible vitamin feed supplements
Eliminate stress and improve profits

COMPOSITION:
Each ml contains:
Vitamin A           250000 IU
Vitamin D₃          50000 IU
Vitamin E              240 mg
Vitamin C            500 mcg
Appropriate overages added.

DIRECTION FOR USE:
For Oral administration:
Calves, Goats and Sheep: 1ml per 40Kg body weight for 3-5 days.
Cattle: 2ml per 80Kg body weight for 3-5 days.
Poultry and swine: 1 Ltr. per 4000 Ltr. drinking water for 3-4 days.

SIDE EFFECTS:
No undesirable effects are to be expected when the prescribed dosage regimen is followed.

Withdrawal period: Nil

PACK:
100 ml, 500 ml, 1 Ltr.

BENEFITS
AMY-AD₃EC oral is a well balanced combination of Vitamin A, Vitamin D₃, Vitamin E and Vitamin C for calves, Cattle, Goats, Poultry, Sheep and Swine

AMY-AD₃EC Oral is used for:
Prevention or treatment of Vitamin A, Vitamin D₃, Vitamin E and Vitamin C deficiencies in farm animals.
Prevention or treatment of stress (caused by vaccination, disease, transport, high humidity, high temperatures or extreme temperature changes.
Improvement of feed conversion

**AMYVITA-SE**

**Powerful antioxidant for crazy chick disease**

**COMPOSITION:**
Each 1 Liter contains:
- Vitamin E 120,000 mg
- Sodium selenite 60 mg
- Distillate water up to 1000 ml

**DIRECTION FOR USE:**

**DOSAGE AND ADMINISTRATION:**

250 ml per 1000 Liter of drinking water or as advised by a veterinarian.

Withdrawal period: Nil

**PACK:**
100Gm, 500Gm, 1Kg.

**PRIMARY FUNCTION**

Powerful antioxidant for crazy chick disease, exudative diathesis and muscular dystrophy.

**BENEFITS**

- Vitamin E, an antioxidant for normal neurological functions.
- Selenium is essential for glutathione peroxidase enzyme composition that protects cells from destroying oxidising agents.
- For Vitamin E and Selenium deficiency diseases such as encephalomalacia, muscular dystrophy, and exudative diathesis.
- For stress conditions, hatchability and infertility problems.
WOUNDHEAL
Herbal Topical Spray

For Deep Seated and Maggotted wounds, Eczema, Ringworm, Pruritus & other Skin Problems

**COMPOSITION:**
Each 10 ml. contains:
- Pinus roxburghii: 1.5 ml.
- Cedrus deodara oil: 0.5 ml.
- Eucalyptus globulus: 1.5 ml.
- Excipients: q.s.

**DIRECTION FOR USE:**
Clean the affected part by the cotton and spray Wound Heal to cover the wound completely. The process should be repeated twice daily or as advised by veterinarian.

**PACK:**
100 ml.

**CURE IS SURE**

**BENEFITS**
Skin affections like mange, ringworm, dermatomycosis & other fungal infections, eczema, burn, blister, radiation burn, insect bite, foot lesion in F.M.D., various types of wounds including surgical, deep, punctured and maggotted wounds.

**NON ANTIBIOTIC WOUND SPRAY**
